PARADISE

They hail from a world where all is heavenly. They belong to an age which was truly golden. Whatever the world had lost is contained in their bosoms and in their smile, which shines with the purest gold. They were carved from desire, and so too their dresses... which are a source of great envy to all those who don't possess them.

Little girls around the world cut out pictures from newspapers, magazines, posters and pin them on their walls, dreaming and trying to be as graceful as Cinderella, as beautiful as their idols, and they dream of emulating her someday. That's their gods, their joy, their source of inspiration.

Reassure I think there is always a need for pure design. With pure design, you don't need so much decoration.

Goddess style is an expression of individualism mixed with elegance. Fashion is something that comes after style.
